**Tattoos and Facial Piercings**
Tattoos and facial piercings will not necessarily preclude you from appointment; it depends on their size, nature, location and health and safety implications (for piercings). Some facial piercings and tattoos could potentially offend members of the public or colleagues or bring disreput to the police service. Each case will be considered on its merits. Under the Equality Act 2010, a disability is defined as a physical or mental condition which has a substantial and long-term adverse affect on that person’s ability to carry out normal day-to-day activities e.g. mobility, manual dexterity, physical co-ordination, ability, ability to lift everyday objects, speech, hearing or eyesight, memory or ability to concentrate, learn or understand, understanding the risk of physical danger. The Equality Act does not apply to volunteering but Thames Valley Police will endeavor to make reasonable adjustments to make it possible for a person with disabilities to volunteer with our organisation.

If you feel that you have a disability which may affect your application process, please let us know of any extra arrangements you require. Examples to consider are:
- Correspondence – e.g. are certain forms of correspondence inconvenient for you?

- Interview – e.g. would certain forms of interview be inappropriate for you?

Please be aware that the people conducting your interview may not have had any experience with your disability, so make sure you have explained ALL of your requirements, even the ones which may seem obvious. If you have an educational or agency contact who you wish to be involved in your application, please provide us with their details and explain to what degree you wish them to be involved.

**References**
If you are successful at interview Thames Valley Police will take up references before you are confirmed in position. Please give the name and addresses of 2 people (not relatives) who have known you for a minimum of 2 years and are prepared to vouch for your character and recommend your application. Where possible, please give the details of your current or most recent employer or organisation where you have volunteered.

**Additional Information**

**Residency**
In order for us to confirm your residency, we will need you to inform us if you have been outside of the UK for longer than a 3 month period. National policy states that in order to be meaningful, security checks must cover at least the last three years. This means that applicants will need to have been resident in the UK for the last three years, with an
exemption for those having lived abroad in the service of British Government organisations or the Armed Services. Short term absences/holidays of less than two months will not be counted towards residency criteria.

Thames Valley Police operates a flexible approach on this issue, and you may still be considered if you do not meet residency requirements but may be required to provide a certificate of good conduct from the country or countries visited. If this is not possible we may be able to consider work/character references. Each case will be considered on an individual basis.

**Permit to Volunteer**
If you require a permit to volunteer in this country copies will need to be taken of the original documents at interview stage. If you are unclear on your eligibility to volunteer in the UK please visit [www.ukba.homeoffice.gov.uk](http://www.ukba.homeoffice.gov.uk) for further information

**Politically Restricted Posts**
Certain posts within the Force are "politically restricted". You may be politically restricted from the following activities:

- Holding office in a political party.
- Canvassing at elections.
- Speaking or writing publicly on matters of party political controversy.
- Being a candidate for public elected office (other than to a parish or community council).

Exemption may be granted in some cases (see Politically Restricted Posts Policy) for criteria for exemption.

**Driving Licence Particulars**
If the position requires a driving licence this will be stated in the Role Description.

**Employment**

**Work or Voluntary Work Experience**
Please give the names and addresses of your present/most recent and past employers or volunteer organisations. You must provide the dates you were employed, job title, main duties and responsibilities, and your reason for leaving. These should be in the order in which you held the jobs starting with your most recent employer. This section should include voluntary or temporary employment, particularly where you do not have previous permanent paid work experience.

**Gaps in Employment**
Another way for us to confirm your residency is by examining your employment history to see if there are any gaps. In this section you will need to account for any such gaps such as a university gap year, a period of unemployment or if you were travelling abroad.

**Short listing Criteria**

You must provide your reasons for applying and evidence to show you possess the skills, knowledge, experience and behaviours required for the role. This evidence can come from
employment, voluntary work, hobbies or education, but must be relevant to the role in question.

We are actively seeking to have a volunteer team which reflects the communities in which we serve; ensure that our methods of selection are fair and that they are based solely on merit, objective role related criteria and ability to do the role.

The intention of monitoring is to identify if there are different success rates, which will allow us to take action to ensure that no group is treated unfairly. Monitoring also forms part of our duties, as a public sector employer, set out in the Equality Act 2010. Although not a duty, we are also seeking to monitor sexual orientation and religion or belief to help us comply with the Equality Act 2010.

**Declaration**

Where the application is being returned electronically, the submission of a completed application form will be deemed to constitute the author’s signature and commitment to the declaration.

**Security Checks**

The nature of police work and the sensitivity of the information which is accessible by employees makes it necessary to ensure that people employed or working in support of the police service are reliable, trustworthy and of sound integrity. It will therefore be necessary to ask you to supply detailed information regarding your address history and family members. It is your responsibility to inform your family of these checks. Candidates will be required to complete a number of vetting forms and bring them along to interview with them along with a form of Identification and Proof of Residency.

The successful applicant will be subject to the provisions of the Official Secrets Act.

**SHORT LISTED APPLICANTS**

The following information is for applicants whose application has been selected for the next stage of the recruitment process.
